## **ARCHITECTURAL REVIEW COMMITTEE (ARC)**

### **HOMEOWNER APPLICATION SUBMISSION CHECKLIST**

**Purpose** -- To ensure that all required documentation is submitted by homeowners when seeking Maidstone ARC approval for additions, removal or changes to any structure or property in Maidstone in PGA Village according to the Maidstone HOA governing documents.

**How the Checklist is Used** - The Maidstone property manager, operating as the operational arm of Maidstone HOA, has the responsibility for administering the submission of Homeowners' requests for additions, removal and changes to structures and property in Maidstone in PGA Village. The documentation for and supporting the requests are assembled as packages for review by the Maidstone ARC. A checklist has been developed to verify that all required materials are included in the packages.

If followed appropriately the checklist will help to ensure:

1. Homeowners have a clear understanding of and direction for complete submission
2. Timely submission of packages
3. More efficient use of the ARC's time
4. Reduced frustration by Homeowners during the entire process (i.e. homeowners control how quickly a request is reviewed by ARC)

Major Changes require two levels of approval; first approval from the Maidstone ARC followed by Master ARC approval as identified on the checklist. The Master ARC may require additional documentation in order to review the ARC application.

The checklist may be revised from time to time as required.

Approved by the Maidstone Board 11/19/2020
